

STANDARDBRED

RETIREMENT FOUNDATION

Helping Horses and Kids Since 1989

It's Giving Tuesday, The Horses are Standing at the Gate

November 29, 2016

Why give to the Standardbred Retirement Foundation (SRF) today, on Giving Tuesday? If harness racing is a part of your life, then giving back is the best reason; please help us feed a few of these noble athletes who have given you so many reasons to say thank you.

SRF cannot feed and care for 218 of these noble athletes without you; we cannot rehabilitate those whose injuries need a soft place to rest; trim their feet so they can walk comfortably; tend to their teeth so they can eat; fill the grain bucket and hay-net; worm; vaccinate; rehabilitate; retrain for a new life; retire those in need, and follow-up every adoption so each remains safe in their homes.

Please help us help a horse that may have helped you; help us help the children who benefit from these horses. Your generous gift is tax-deductible and very much appreciated. Gifts may be made through our website at Adoptahorse.org; by mail to: SRF 353 Sweetmans Lane, Millstone Twp., NJ 08535; or by contacting Judy Bokman at 732 446-4422.

**Every one was meant to be great.
They are now, thanks to SRF. Please help us help another.**

Standardbred Retirement Foundation

She may be gray, but life is still good for 33 year old Keena.

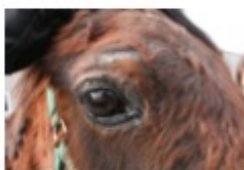

SRF is caring for 218 today. Please help us keep the grain bins full for them.

This is the joy a horse brings to a teenager; it's a friendship that is never forgotten.

We make them shine again.

The kind but sad eye of one needing to escape from the livestock auction. She arrived at SRF still with her weight tag on, saved before she shipped to the slaughterhouse.

The challenges we face every day to care for the ones in great need.

Helping Horses and Kids since 1989

Shades of Cara, a 4 year old whn....

Years of struggling to get around the oval left this 8 year old campaigner in need of a place to live out his life. He's retired under SRF's full care, thanks to you.

Eagle Sam may not be sound enough to race week after week, but he makes his adopter smile day after day.

Sister was one of the first horses SRF had to step in for when her adopter no longer provided good care. How did we know? SRF's unique program follows every horse for life; we never relinquish ownership.
